Keyword Index

Absence from work; Stress; Well-being; Work environment; Psychosocial factors; Intervention study 191
Academic staff; Gender differences; Coping assistance; Dissatisfaction; Burnout 251
Accidents; Fishery; Risk perception; Safety attitudes 58
Aggression; Healthcare staff; Anxiety; Burnout; Nurses; Doctors; Violence 302
Ambulance officer; Emergency services; Trauma; Coping; Family functioning 275
Anabolism; Cortisol; Musculoskeletal disorders; Psychological stress 154
Anxiety; Burnout; Nurses; Doctors; Violence; Aggression; Healthcare staff 302
Appraisal of stress; Perceptions of control; Coping; Work-related stress 335
Blood vessel; Nociceptor; Computer work; Pain; Muscle 179
Burnout; Academic staff; Gender differences; Coping assistance; Dissatisfaction 251
Burnout; Equity theory; Inequity measurement; Work; Health 287
Burnout; Longitudinal research; Nursing; Dispositions; Work-related experiences 1
Burnout; Nurses; Doctors; Violence; Aggression; Healthcare staff; Anxiety 302
Cardiovascular system; Shiftwork; Symptom frequency; Health status indicators; Gastrointestinal system 70
Cashier; Job rotation; Psychophysiological stress; Electromyography; Musculoskeletal disorders 127
Circadian type; Morningness-Eveningness; Driver stress; Neuroticism; Extraversion 316
computer terminal work; EMG gaps; upper trapezius muscle; Electromyography; Work pace; Work-Related Musculoskeletal Disorders, (WMSDs) 138
Computer work; Musculoskeletal symptoms; Psychosocial factors; Repetitiveness 107
Computer work; Pain; Muscle; Blood vessel; Nociceptor 179
Computers; Office work; VDU use; Psychosocial factors; Musculoskeletal symptoms; White-collar workers 121
Coping assistance; Dissatisfaction; Burnout; Academic staff; Gender differences 251
Coping; Family functioning; Ambulance officer; Emergency services; Trauma 275
Coping; Work-related stress; Appraisal of stress; Perceptions of control 335
Cortisol; Musculoskeletal disorders; Psychological stress; Anabolism 154
Dispositions; Work-related experiences; Burnout; Longitudinal research; Nursing 1
Dissatisfaction; Burnout; Academic staff; Gender differences; Coping assistance 251
Doctors; Violence; Aggression; Healthcare staff; Anxiety; Burnout; Nurses 302
Driver stress; Neuroticism; Extraversion; Circadian type; Morningness-Eveningness 316
Electromyography; Musculoskeletal disorders; Cashier; Job rotation; Psychophysiological stress 127
Electromyography; Work pace; Work-Related Musculoskeletal Disorders, (WMSDs); computer terminal work; EMG gaps; upper trapezius muscle 138
Emergency services; Trauma; Coping; Family functioning; Ambulance officer 275
EMG gaps; upper trapezius muscle; Electromyography; Work pace; Work-Related Musculoskeletal Disorders, (WMSDs); computer terminal work 138
EMG; Heart rate; Muscle activity; Mental stress; Motor unit activity 166
Equity theory; Inequity measurement; Work; Health; Burnout 287
Ergonomics; Musculoskeletal disorders; Work stress; Intervention evaluation; Work organization 95
Extraversion; Circadian type; Morningness-Eveningness; Driver stress; Neuroticism 316
Family functioning; Ambulance officer; Emergency services; Trauma; Coping 275
